Real Estate Services and Rates

Standard Photography (Rates vary by size of home/building)

Photos will be edited and re-sized for use on Real Estate websites within 24 hrs.

Square Feet	Up to 15 photos	30+ photos
>1,000	\$95	\$120
1,000-1,999	\$120	\$145
2,000-2,999	\$145	\$170
3,000-3,999	\$170	\$195
<4,000	(Price and service individually tailored)	

Aerial Photos (Price includes 1 hour of insurance-covered flight time)

Photos will be edited and re-sized for use on Real Estate websites within 24 hrs.

Single Photo =\$100

5 photos= \$120

10 photos= \$150

15 photos=\$175

Want to combine Standard and Aerial photos? Check out my package deals!

Video Tour

This is a great way to get a virtual tour and layout of a property, both inside and outside. Videos will be edited into a movie length of 30 seconds up to 4.5 minutes, and sent to you via an online file sharing service, and/or uploaded to my Vimeo account with a link sent to you. I can create branded and unbranded videos, and send both versions to you at no extra cost. Videos are delivered within 48 hours.

Standard Video Tour \$150 Stabilized video camera used for interior/exterior filming,
Handheld gimbal, tripod, and slider used for filming

Aerial Video Tour \$200 Drone used for aerial interior/exterior filming; great for larger
acreage, views over trees/roofs, and high/vaulted ceilings.
Standard Video filming is included in this price as well

Audio/music is optional, and does not cost any additional amount. If a finished/edited video longer than 4 minutes is requested, price and service will be individually tailored.

Up to 32 standard/aerial photos, plus standard/aerial video tour | \$275 |

*These prices apply to most projects regardless of Square Footage/size. Extremely large or complex projects' pricing will be individually tailored, and a quote can be provided before beginning any project.

Extra Options and Information

MILEAGE REIMBURSEMENT

If the project is further than 20 miles away from Wilsonville, there will be an additional 40 cents per mile charged (outside of a 20 mile radius) to and from the location.

Example: Forest Grove is 35 miles from Wilsonville, which is 15 miles further than the 20 mile Wilsonville radius. 15 miles x 2 (driving out and back/to and from the location) equals 30 miles of mileage reimbursement. 30 miles x \$0.40 per mile = \$12 Mileage Reimbursement

“Twilight Hour” (\$40) time on location or digitally

Twilight is best for adding more dramatic and expressive lighting conditions for outdoor projects, or getting an image of a property lit up from the interior and exterior electrical lighting. This option schedules me to be there at twilight, or it can also be somewhat digitally created in photoshop.

“Blue Skies” Replacement (\$10 per image requested)

Want that grey overcast rainy weather to disappear from your real estate photo? I can photoshop in a nicer looking skyline that will make your listing stand out from the competition.

UAV/Drone Insurance (\$0-\$20 per hour of flight time)

For any aerial project I require flight insurance coverage. Insurance costs vary depending on location of the project (vicinity to airports, stadiums, helipads, etc.). The base insurance cost is covered in the normal rates, which is usually what the insurance total is. However, the cost of insurance may go higher if the property is located near airports, hospitals, helipads, etc., in which case the additional insurance costs will be added to the invoice. I can provide this insurance pricing beforehand once I know the location of the project and can check on any flight hazards listed by my insurance carrier.

4K Video (\$25)

If you require image quality higher than 1080p, it can be recorded in 4K for an additional \$25. For most computer and tablet screen sizes, 1080p is still crisp and clear; only if you are going to be viewing the video on a larger screen will 4K be truly beneficial.

Terms and Conditions of Commercial License

Photographer/cinematographer (Hans Ogren Photography) grants you (entity or business) a non-expiring, exclusive, non-transferable, worldwide license to use purchased image(s) or video(s), for permitted commercial purposes, defined as:

Advertising, promotion, brochures, packaging, commercial website, prints, posters, flyers, magazines, books, newspapers, other printed materials, video, and broadcast. Not for Resale. Copyright remains exclusive property of Hans Ogren Photography.

Original Photo Files vs. Resized Photo Files

I normally send resized photos (roughly 4 MB) that work on any website. Original photos (5-24 MB) can be sent to you without charge, but may not work on many sites due to the larger file size.
