<b>Leather Cover</b>	<i>Only available with semi-gloss paper</i>	+\$35

## **Extra Options and Information**

---

### **MILEAGE REIMBURSEMENT**

If the project is further than 20 miles away from Eugene, there will be an additional 50 cents per mile charged (outside of the 20 mile radius from Eugene) to and from the location.

*Example: Salem is 70 miles from Eugene, which is 50 miles further than the 20 mile Eugene radius. 50 miles x 2 (driving out and back/to and from the location) equals 100 miles of mileage reimbursement. 100 miles x \$0.50 per mile = \$50 Mileage Reimbursement*

---

### **UAV/Drone Insurance (\$0-\$30 per hour of flight time)**

For any aerial project I require flight insurance coverage. Insurance costs vary depending on location of the project (vicinity to airports, stadiums, helipads, etc.). The base insurance cost of \$10 is covered in the normal cost, which is usually what the insurance total is. However, the cost of insurance may go as high as \$40, in which case the additional insurance costs will be invoiced. I can provide this insurance pricing beforehand when I know the location of the project and can check on any flight hazards.

---

### **Terms and Conditions of Commercial License**

*Photographer (Hans Ogren Photography) grants you (entity or business) a non-expiring, exclusive, non-transferable, worldwide license to use purchased image(s) for permitted commercial purposes, defined as: Advertising, promotion, brochures, packaging, commercial website, prints, posters, flyers, magazines, books, newspapers, other printed materials, video, and broadcast. Not for Resale. Copyright remains exclusive property of Hans Ogren Photography.*
